

Grace Lee

grace.lee@email.com | +1-555-0107

PROFESSIONAL SUMMARY

Computer Vision Data Scientist with 5 years of experience in image recognition, object detection, and autonomous systems.

SKILLS

Python, OpenCV, TensorFlow, PyTorch, YOLO, CNN, Image Processing, AWS, Docker, C++, CUDA, Deep Learning, GANs

EXPERIENCE

Senior CV Engineer | Tesla | 2021-Present

- Developed object detection models for autonomous driving
- Improved pedestrian detection accuracy by 15%
- Optimized models for edge deployment

Data Scientist | NVIDIA | 2019-2021

- Built image classification systems for medical imaging
- Created synthetic data generation pipelines using GANs

EDUCATION

M.S. Computer Vision, Georgia Tech

B.S. Electrical Engineering, UC San Diego
