Carol Williams

carol.williams@email.com | +1-555-0103

PROFESSIONAL SUMMARY

Machine Learning Engineer with 5 years of experience building production ML systems. Expertise in deep learning, MLOps, and scalable data pipelines.

SKILLS

Python, TensorFlow, PyTorch, Keras, AWS, GCP, Kubernetes, Docker, MLflow, Airflow, Spark, Kafka, SQL, NoSQL, CI/CD

EXPERIENCE

ML Engineer | Netflix | 2020-Present
- Built content recommendation engine serving 200M users
- Implemented A/B testing framework for ML experiments
- Reduced model training time by 60% using distributed computing

Data Scientist | Uber | 2018-2020
- Developed surge pricing prediction models
- Created ETL pipelines processing 1TB+ daily data

EDUCATION

M.S. Machine Learning, Carnegie Mellon
B.S. Computer Science, MIT
